

## PROFILE

A motivated, responsible individual who naturally thinks out of the box. I am ambitious to engage in researches and innovate ideas which leads to the betterment of the science field. My school is St. Bridget's Convent, which is the only catholic private girl's school in Colombo. It is my alma mater and SLIIT who set the foundation for me to grow up as an individual with a stronger personality enriched with obedience, honesty and discipline. With the experiences I have gathered so far, I have the ability to face challenges and face them courageously. Currently looking for a challenging job opportunity.
